ABOUT US

There are Apps. There are ERPs. And then there is Milgrasp!

Years of research and in-depth analysis of leading Institutes in Education have led us to understand the core requirements of institutes. The current age of technology has seen an increased need for efficiency and collaboration when it comes to running an Institutes.

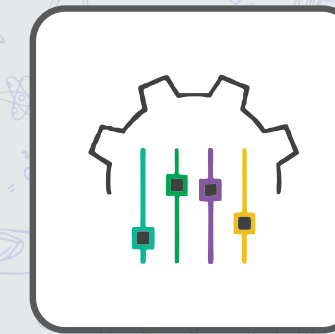

A tailor-made software with over 60+ modules, Milgrasp by Milearth Softech is a comprehensive Institute Management Software that brings together all the various aspects of an ERP into one single application. From Stakeholders to Administrators, Principals, Teachers, Parents, and Students; ours is the only App that consolidates it all. The aim is to simplify technology and accessibility. Keeping the current era of mobile internet users in mind, Milgrasp is a Mobile-Ready App where users are connected with various aspects and activities of the institute in real-time.

Our atomization of reports reduces human error while simultaneously boosting productivity. Automation through Milgrasp means educators can focus more on learning outcomes and development. A product that is customized to provide world-class performance, the ultimate goal of Milgrasp is to boost the impact of our clientele in the current educational climate.

YOU NEED THE RIGHT PEOPLE WITH YOU, NOT THE BEST PEOPLE.

“Introducing school management software will not fix structural problems, but it saves your school time and money both in the short and long term.”

Bill Gates, Chairman, Microsoft

The first rule of any technology used in a business is that automation applied to an efficient operation will magnify the efficiency.

“Technology alone will not improve education, but it can be a powerful part of the solution.”

Sundar Pichai, CEO, Google

Technology is transforming teaching and learning. It's helping kids learn at their own pace, become creative problem solvers, and effective collaborators. But for those without access, existing learning gaps are only widening. That's why we'll continue directing our products, people, programs and philanthropy toward a future where every student has access to the skills they need and the quality education they deserve.

Ms. Aditi Goradia
Managing Director

"The smooth running of an institute relies on a vast array of factors. People management, infrastructural upkeep, curriculum, student body and parent satisfaction. From a school leadership perspective, this can be quite overwhelming.

MilGrasp the only app we have found that caters to everything has helped us consolidate every detailed aspect of school management and parent communication. The team at MilGrasp is enthusiastic, hard working and always available to help. An amazing product combined with the fantastic customer care has made our lives easier and the BHS family very happy."

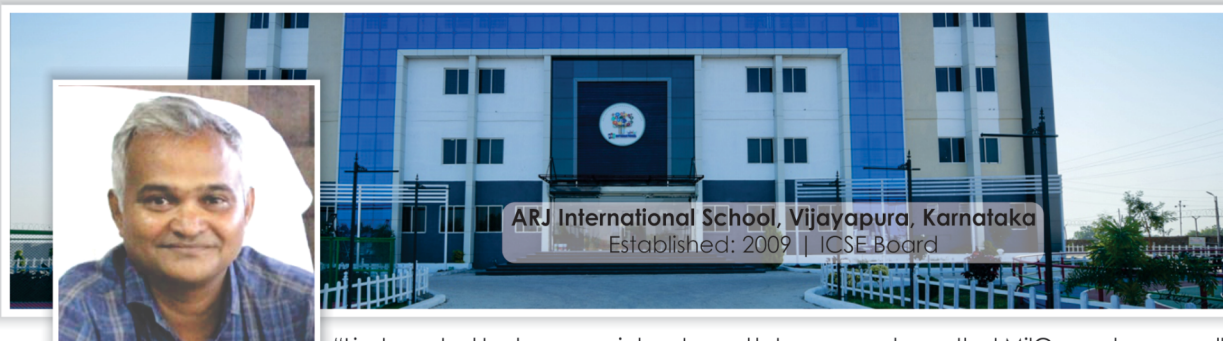

Mr. Nikhil Jain
Proprietor

Orion Academy, Andheri & Santacruz (Mumbai), Maharashtra
Established: 2010 | ICSE 012

For every school administrator, one of the most valued commodities is time. With the numerous decisions you have to make, the several tasks you have to complete and the various things you have to take care of, it is natural to be hard-pressed for time. In such a circumstance, managing your school seems to be quite difficult.

Everything seems to require your immediate attention and it isn't possible to handle it all at once. To tackle such situations MilGrasp has proved to be very useful for us. Parents are now able to keep a track of every small thing that is going on in our institution, thanks to MilGrasp and the team.

Mr. Pradeep Jain
Chairman

"I just wanted to share a quick note and let everyone know that MilGrasp does a really good job. I'm glad I decided to work with them. It's really great to know how easy MilGrasp is to use. My team just have to add the details or make the change and everything falls to the place. It's so simple.

In my Experience of 10 Years in Education Industry after using multiple software, I can say that MilGrasp is one of the best software providers for educational institutions. I always look forward to their updates. Every time they surprise us with some amazing feature in the app. We are using MilGrasp to manage the entire school administration. The way our team is adapting to MilGrasp, We are happy to have them as our family member."

Mr. Shashikant Vichare
Principal

Shalom International School & Junior College, Panchgani, Maharashtra
Established: 1996 | State Board, ICSE

Today no educational institution can ignore the necessity and importance of school management software. An educational institution cannot depend on the traditional way of working. In the modern era, it is very important to develop and get adapted to the technology.

MilGrasp app has proved to be a major help for managing and administrating all the school activities. We are managing staff attendance, student attendance, student data, exam, fees, Admission Enquiries & SMS or Email alerts and all the required things to run an institution at our fingertips. I am happy to have MilGrasp for my school & college.

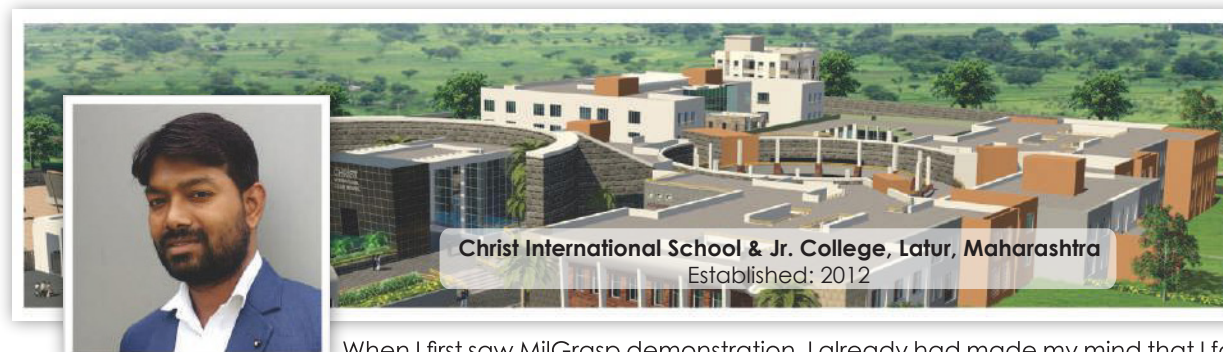

Ms. Chanda Parmar
Principal

"When it comes to Pre-School Management ERP there are lots of providers that talk about a good education management, In my knowledge MilGrasp will help you make it happen. They have enabled my team, and given me the confidence to adapt to new directions of technology within our premises. Its a perfect tool to maintain records and fully controlled communication between teachers and parents.

MilGrasp app has made things very easier than it was before. Overall the app is amazing with a good level of customization within the app. MilGrasp has brought our both branches available in one platform. They work promptly upon our queries and provide regular up-gradation in the application."

Mr. Rajesh Yadav
Principal

Christ International School & Jr. College, Latur, Maharashtra
Established: 2012

When I first saw MilGrasp demonstration, I already had made my mind that I for sure wanted this for our school & college. Having each and every student's data handy on one single click is amazing and it helps me a lot in saving time to search for data of a particular child whenever required.

The way they give staff training is amazing. Our each and every problem to manage students data is being solved by this product. All our requirements, suggestions are all taken into consideration by them. They implement our suggestions as soon as possible. Fees module has helped us to study behaviour pattern of parents. Fees reports are very insightful & deep.

WHY MILGRASP ?

Since the Evolution of the Human race, it is observed and studied that Humans are naturally competitive.

We have witnessed the same thing in all generations of the Industrial Revolutions. Currently, We are in the 4th generation of it. Looking at the bigger picture the Education Sector has the maximum role to play in it. Especially Private Education Institutes in Asia, Europe & America are going to play a crucial role in it.

To give you a better scenario with the scalability of future institutes our near future and learning content is going to grow around Artificial Intelligence, Augmented Reality, Virtual Reality, Holograms, Robotics & Machine Learning.

The entire world has witnessed the benchmark set by Indian Software companies and their contribution towards society for its betterment.

In the last few years, under the mentorship of 200+ educators including leading educations, we have done extensive research on leading education institutes. And we noted a few important areas of concern where software or an ERP can step in and provide an effective solution. Milearth Softech is ready to give its fair share to the education industry in the form of MilGrasp. It's a Full-Fledged Education Institute Management ERP.

Starting from an Admission Enquiry to Career Assessment test for students. MilGrasp as a product will gather all your software requirements under one roof and will be available as a cloud-based Web & Mobile Application.
